LEGAL NOTICE OF: INVITATION FOR QUOTATION

**WASHINGTON SCHOOL INFORMATION PROCESSING COOPERATIVE (WSIPC)
2121 W. Casino Road, EVERETT, WASHINGTON 98204**

**WSIPC QUOTATION No. 01-48
Date of Bid Opening: August 29, 2001 - 1:00 P.M. PDT**

Microsoft Large Account Resellers (LARs) and other Microsoft Authorized Resellers with large Microsoft Education Licensing contract experience are invited to provide quotations for a Microsoft Education Select Program, Microsoft School Agreement contracts and other specified Microsoft Education Licensing Programs for consideration by WSIPC. These contracts will be used by K-12 school districts, Education Agencies and Private K-12 schools in the State of Washington. All submitted quotations must be in strict conformity with the requirements imposed by the quotation documents and any addenda. In addition to the Microsoft portions, of this document this Request For Quotation also contains a Citrix Enterprise Licensing Agreement component. Respondents are invited to bid these items separately or in combination with one or more responses to Microsoft Licensing opportunities.

In order to become a qualified bidder for RFQ #01-48 vendors **must** register in advance, through an electronic or written "Letter of Intent to Respond" to the RFQ Coordinator, Jim Page at the address above or at jpage@wsipc.org by 2:00 P.M. PDT, August 22, 2001. Vendors responding with a Letter of Intent will be added to the list of potential respondents and will receive any addenda by e-mail as soon as they become available. All potential respondents must provide mailing address, e-mail address, Fax, and telephone contact information in order to be added to the list. Vendor's questions received by the RFQ Coordinator by August 22, 2001 will be answered and necessary information will be disseminated to all vendors which have registered their intent to respond.

Quotations **must** be submitted to WSIPC in a sealed opaque envelope or package. Sealed responses **must** be received by 1:00 P.M. PDT August 29, 2001. At that time, they will be publicly opened and made available for public inspection by WSIPC or its authorized representative at WSIPC's principle place of business, 2121 W. Casino Road, Everett, WA 98204. A vendor may modify or withdraw its quotation by written or e-mail request, provided that the request is received by WSIPC prior to the response opening. Following withdrawal of its response, a vendor may submit a new quotation, provided that such new quotation is received by WSIPC prior to the response opening. Quotations cannot be withdrawn for a period of sixty (60) days after the official opening of the responses. The public is invited to attend the quotation opening. Any quotations received after the time set for the quotation opening will not be considered. WSIPC reserves the right to reject any or all quotations, and to waive any informalities or irregularities in the responses.

WSIPC may modify any provision of the request documents, including the Acquisition Schedule at any time prior to the response opening. Such modifications will be made in the form of addenda that will be issued simultaneously to all persons who registered by the date required in the Acquisition Schedule.

Qualified vendors may obtain quotation and contract documents on the WSIPC Web page at www.wsipc.org or by requesting them from the RFQ Coordinator.

Dated this 15th day of August 2001.

**WASHINGTON SCHOOL INFORMATION
PROCESSING COOPERATIVE (WSIPC)**

By: _____
Jeffrey A. Conklin

Executive Director

Section 1 – Overview

The Washington School Information Processing Cooperative (WSIPC) is a Cooperative formed by an Interlocal Agreement between the nine Educational Service Districts (ESDs) in Washington State. WSIPC is responsible for providing software, information services, network operations, maintenance and support for its member districts. Currently, 278 of Washington State's 296 school districts are subscribing members of WSIPC. WSIPC also extends the benefits of its master contracts and services to K-12 school districts which are not members of the Cooperative, to Private and Parochial Schools within the State and to K-12 Education Agencies in the State. Under certain circumstances, institutions outside of the State of Washington may also use WSIPC contracts. WSIPC is acting on behalf of its member institutions and ESDs in releasing this Request for Quotation (RFQ) to select one or more qualified Resellers to provide Microsoft's Education Licensing Programs and a Citrix Enterprise Licensing Program for the K-12 Community in the State of Washington.

Acquisition Background

WSIPC has participated in the Microsoft Education Select Program since its introduction through various resellers. The previous contract, which expired at the end of June 2001, produced more than \$4.7 million (ERP) in sales volume over two years. WSIPC also has over 24,000 workstations on contract for Microsoft School Agreement, including one contract for over 22,000 workstations. Select sales exceeded 135,000 licenses during this period and documentation and media sales for the State approached 10% of the dollar volume of the Select licensing sales. It is the intent of WSIPC to maintain agreements with Microsoft to allow the participating districts, ESDs and private K-12 schools in the State of Washington to acquire and maintain Microsoft software licenses through various Microsoft Education licensing programs, including Education Select and School Agreement. WSIPC currently has a Select 5.1 Agreement that will expire on June 30, 2003.

The Microsoft Select Master Agreement requires WSIPC to identify one or more authorized Microsoft Education Select Large Account Resellers (LARs) to fulfill the Agreement. The intent of this Request For Quotation process is to competitively identify one or more authorized Microsoft Education Select LARs to administer WSIPC's Select Program and to identify vendors to provide School Agreement Contracts, M.O.L.P. contracts and Educator FPP sales to its clients.

The Citrix Enterprise License Agreement will be held by WSIPC and will provide a means for WSIPC and affiliated school districts to acquire Citrix usage licenses. This portion of the RFQ may be bid in conjunction with or aside from the Microsoft License Agreement(s).

RFQ Coordinator

Upon release of this RFQ, all vendor communications concerning this solicitation must be directed to the RFQ Coordinator listed below. Unauthorized contact regarding this RFQ with other WSIPC employees or potential clients may result in disqualification.

Name: Jim Page
Address: Washington School Information Processing Cooperative (WSIPC)
2121 W. Casino Road
City/State: Everett, Washington 98204-1472
Telephone: (425) 349-6500
FAX: (425) 349-6601
E-Mail: jpage@wsipc.org
Web Site: www.wsipc.org

WSIPC Member Institutions

As noted above, WSIPC provides administrative and network computing support to most public school districts in the State of Washington. A list of the public school districts and eligible agencies can be found in Table I. Private and Parochial Schools which may use the contract are listed in Table II. WSIPC's Microsoft and Citrix Software Contracts will be "optional use" contracts, which may be used by eligible institutions, but eligible institutions are not required to use them for their software acquisitions. Additional eligible entities may be added to this list as needed.

Terms and Conditions

WSIPC's Standard Terms and Conditions are included in this RFQ. WSIPC intends to sign one or more contracts with the apparently successful vendor(s). The content of the agreement(s) will be substantially the same as the attached terms and conditions with such minor modifications as are needed to execute a mutually beneficial contract with the selected vendor(s). Vendors may seek specified changes to the Terms and Conditions contained herein in their response, but may not replace the included Terms and conditions in full or major part with a document of their own creation. If the proposed changes in the vendor's response cannot be mutually agreed upon, through negotiation, the vendor's response will be removed from consideration for an award.

Duration of Agreement

The term of the contract(s) to be signed with the apparently successful vendor(s) will be for approximately two (2) years. Individual School Agreements established under these contracts will be for one year each, or as otherwise approved by Microsoft. The agreement may be renewed for additional periods of time based upon vendor performance and WSIPC's requirements at the conclusion of the agreement. Such renewals will require the mutual consent of WSIPC, Microsoft and the participating vendor(s).

Estimated Volume

Under the Microsoft Education Select 5.1 Master Agreement between WSIPC and Microsoft WSIPC is committed to sufficient volume to qualify for the Education Select Agreement as of the date of this agreement. Beyond that, WSIPC makes no guarantees of purchasing volume. Usage of the contract is subject to wide seasonal variations, averaging over \$500,000 per business quarter on the previous contract, but ranging from below \$300,000 per quarter to over \$1 million per quarter. During the first month of the new Select Agreement 5.1 signed in June 2001, WSIPC satisfied the two-year licensing volume commitment for the Agreement.

Citrix licensing is forecast at 5,000 concurrent users over a two-year period averaging \$125,000 per quarter over the life of the contract. Seasonal fluctuations will also apply to the Citrix licenses with the majority of the volume anticipated in the second year of the contract.

Additional Instructions

The successful vendor(s) must be willing to cooperate with hardware vendors designated by WSIPC to pre-install appropriate software on computers newly purchased by eligible WSIPC customers. Vendor communications with the Clients represented under this agreement will be subject to terms and conditions established in the final contract with the apparently successful vendor(s). WSIPC-designated vendors of computer systems and services may serve as the ordering and billed entity for products delivered to eligible clients, provided that the eligible end-user receiving the products is clearly identified. WSIPC may contract with a single LAR for the full range of services described herein. However, WSIPC reserves the right to award the contract or portions of the requested services to multiple vendors. If offered a partial award, the otherwise "apparently successful vendors" may decline the partial or shared award without penalty.

Microsoft Corporation Contact

The contact person at Microsoft who has been assisting WSIPC in completing the Education Select agreement is Kristin Kappl (425)704-6851.

Citrix Systems Contact

The contact person at Citrix Systems who has been assisting WSIPC in developing the Citrix aspect of this RFQ is Julian Wilcoxon (503)245-0790.

No Obligation to Buy

WSIPC reserves the right to reject any or all responses, to make an award to other than the low bidder, to reject a quotation that is in any way incomplete or irregular, and to waive any informality or irregularity in any quotation received. In award of the contract, any and all factors and information that have a bearing on the selection of a vendor may be considered.

Proposal Response Date and Location

The vendor's proposal, in its entirety, must be received by the RFQ Coordinator not later than 1:00 P.M. PDT at 2121 W. Casino Rd. in Everett, Washington on August 29, 2001, or by the date and time specified in an addendum announcing a change to the schedule. Proposals arriving after the deadline will not be considered.

WSIPC has developed a Vendor Response form for use in this RFQ. Vendors must submit the completed form or a close facsimile of it as part of the vendor's RFQ response. The form may be supplemented with additional information as needed.

Acquisition Schedule *

RFQ Announcement: August 15, 2001
Web site - www.wsipc.org

Letter of Intent due to WSIPC August 22, 2001
2:00 P.M. PDT
WSIPC
2121 W. Casino Rd
Everett, WA 98204

Response Opening August 29, 2001
1:00 P.M. PDT
WSIPC
2121 W. Casino Rd
Everett, WA 98204

* This schedule may be modified at any time prior to the Response Opening at WSIPC's sole discretion. All vendors who submitting a Letter of Intent by the date specified above will be notified of any such changes by e-mail.

**General Purchasing Contract
WSIPC RFP No. 01-48
Microsoft Education Licensing Programs and Citrix Enterprise Licensing
Program**

This General Purchasing Contract ("Contract") is made by and between Washington School Information Processing Cooperative ("WSIPC") ("Buyer) and _____ ("Seller") and is effective upon the later date written below. Individual school districts, educational service districts and other associated public organizations and private K-12 institutions in the State of Washington may also acquire Goods and Services under the terms of this Contract. Buyer and Seller agree as follows:

1. Purchase and Sale of Goods. Seller will sell and deliver to Buyer, and Buyer will purchase from Seller the goods and services described in this document and attachments hereto ("Goods"). Buyer does not guarantee to purchase any minimum or maximum quantities of Goods. Details that are necessary to carry out the intent of this Contract, but that are not expressly required, shall be performed or furnished by Seller without any increase in compensation otherwise payable under this Contract.

2. Performance of Work. Seller shall comply with all of the provisions of the Contract Documents, which include the provisions set forth in the following documents and such other documents as may be incorporated into or otherwise made a part of this Contract:

- (a) this Contract;
- (b) completed vendor forms; and
- (c) the Standard Terms and Conditions

3. Term. The Term of this Contract ("Term") shall commence on the effective date of this Contract and, subject to earlier termination as provided in the attached Standard Terms and Conditions, shall end June 30, 2003. The Term of this Contract may be extended for additional periods as mutually agreed upon by the Buyer and the Seller.

4. Compensation. As full compensation for the Goods, Buyer will pay Seller the applicable sums for the Goods ordered by Buyer, if any, set forth in the attached pricing model, in accordance with the payment provisions of this Contract.

**STANDARD TERMS AND CONDITIONS
OF PURCHASE CONTRACT**

**Standard Terms and Conditions
Of Purchase Contract
WSIPC RFQ No. 01-48
Microsoft Volume Education Licensing Programs
and Citrix Enterprise Licensing Program**

1. Definitions

1.1 The following terms shall be defined as follows whenever used in this Contract with initial letters capitalized:

1.1.a "Buyer" is defined as Washington School Information Processing Cooperative (WSIPC), any of the individual school districts, educational service districts and other associated public organizations and private K12 institutions in the State of Washington acquiring Goods under this Contract. Eligible Entities may be added to this definition with the mutual consent of WSIPC and the Seller, which consent will not be unreasonably withheld or delayed. All rights, benefits and warranties conferred upon Buyer by this Contract shall accrue, be available to, and are for the express benefit of such schools, school districts, educational service districts and other public organizations.

1.1.b "Indemnitees" is defined as Buyer, their successors and assigns and the respective directors, officers, employees, agents and representatives of Buyer and their successors and assigns.

1.1.c "Seller" is defined as the Seller identified in the Contract. If Seller is composed of more than one person or entity, then each such person or entity shall be jointly and severally liable as Seller under this Contract.

2. Price and Payment

2.1 Payment of the specified Prices shall constitute full compensation for the Goods and the satisfactory performance of all of Seller's obligations under this Contract. Such Prices shall not be subject to adjustment, except as specifically provided for elsewhere in this Contract. Should the base price decrease, the cost to the Buyer shall be determined by applying the pricing model to the new base price. Buyer shall pay or reimburse Seller for all sales taxes payable in connection with Buyer's purchase of Goods or Services hereunder. Seller shall be solely responsible for all taxes on Sellers' income or receipts. Seller shall separately identify on the price quotations and the applicable invoice of Seller any applicable sales taxes arising out of the sale of the Goods payable by Buyer. Any time periods specified for accepting any discounts shall commence upon, and Buyer shall pay the appropriate amounts due within forty-five (45) days after, the later of: (a) the date that Buyer receives Seller's correct invoice therefor; or (b) the date that Buyer accepts the Goods (together with any required documentation) at the specified destination. If Seller fails to perform in a timely manner any of its obligations under this Contract the Buyer may, upon ten (10) days advance written notice to Seller of Buyer's intention to do so, perform the same and deduct or offset such amount from the compensation payable to Seller under this Contract or otherwise charge to or recover from Seller the cost of such performance.

3. Delivery

3.1 Seller shall properly package the Goods for protection against damage or deterioration that may result from shipment, handling, storage or other cause. Seller shall ship the Goods from the specified point of shipment no later than the specified shipment date and shall deliver the Goods to Buyer FOB at the specified destination no later than the specified delivery date. Risk of loss or damage to the Goods shall remain with Seller until delivery of the Goods to Buyer at the specified destination at which time title to the Goods and such risk shall pass to Buyer.

4. Delays

4.1 Time is of the essence in the performance of Seller's obligations under this Contract. Accordingly, Seller shall comply with all delivery and performance schedules specified by Buyer. However, Seller shall not be liable for delays in delivery due to causes which (a) are not reasonably foreseeable; (b) are beyond Seller's reasonable control; and (c) cannot be overcome by Seller after using its best efforts to do so; provided that Seller, within three (3) days after the commencement of the delay or, if earlier, the date on which Seller knew or should have known that the delay would occur, gives Buyer written notice of the circumstances giving rise to the delay, the anticipated duration of the delay and the action being taken by Seller to overcome or mitigate the delay. If any delay hereunder prevents or delays Seller's performance for more than thirty (30) days, Buyer may, upon notice to Seller given at any time between the thirtieth day after the originally scheduled date for performance and the date of actual performance, elect to cancel the delayed portion of the contract without penalty to Buyer.

5. Inspection

5.1 The Goods shall at all times be subject to inspection, testing and expediting by Buyer. No Goods shall be deemed accepted prior to final inspection and acceptance by Buyer at the specified destination. Failure of Buyer to inspect goods does not relieve Seller of its obligations or impair Buyer's right to reject defective or non-complying goods.

6. Warranty

6.1 Seller expressly warrants that: (a) the Goods shall be free from all defects in design, materials, workmanship and title; (b) all materials, components, parts and other items incorporated in Goods shall be new, merchantable and of suitable quality for their intended purpose; and (c) the Goods shall conform with the published Specifications and other requirements of this Contract. Seller shall promptly correct any Goods that do not comply with this warranty. If Buyer requires Seller to make any such correction and Seller thereafter fails or indicates its inability or unwillingness to do so, then Buyer may correct (or cause to be corrected) the non-compliance or otherwise achieve compliance by the most expeditious means available to it and charge to or otherwise recover from Seller the cost thereof. If Buyer rejects any Goods that do not comply with the foregoing warranty, Seller shall have a reasonable time to correct the non-compliance; if Seller fails to correct the non-compliance within a reasonable time, Buyer may cancel the order for the non-complying Goods without any liability or obligation of or cost to Buyer with respect to such Goods, and without prejudice to any other rights or remedies of Buyer with respect to such non-compliance.

7. Infringement

7.1 Seller releases and shall defend, indemnify and hold harmless Buyer and the Indemnitees from all claims, losses, harm, liabilities, damages, costs, expenses (including, but not limited to reasonable attorneys' fees) and royalties related to any claim, action, suit or proceeding involving the Goods or any use or intended use of the Goods, which claim, action, suit or proceeding is based upon infringement (or alleged infringement) of any patent, copyright, mask work, trade secret, trade name or trademark or upon the wrongful use (or alleged wrongful use) of any confidential or proprietary concept, method, process, product, writing, information or other item. Further, if any of the Goods or any use or intended use of the Goods constitutes an infringement of any patent, copyright, mask work, trade secret, trade name or trademark or wrongful use of any confidential or proprietary concept, method, process, product, writing, information or other item, Seller shall: (a) procure for Buyer, at no cost to the Buyer, the right to use the infringing item; (b) replace the infringing item with a substantially equal but non-infringing item; or (c) modify the infringing item so that it becomes non-infringing.

8. Compliance with Laws

8.1 Seller shall comply (and shall ensure that the Goods and Seller's subcontractors and suppliers comply) with all applicable laws, ordinances, rules, regulations, orders, licenses, permits and other requirements, now or hereinafter in effect, of any governmental authority. All laws, ordinances, rules, regulations and orders required to be incorporated in agreements of this character are incorporated in this Contract by this reference.

9. Changes

9.1 Buyer and Seller may jointly, by mutual written agreement, make changes to the requirements of this Contract in order to preserve the original intent of the Contract and to maintain the relative pricing and services advantages made available to the Buyer under the Contract.

10. Termination of Contract

10.1 Buyer may terminate this Contract with or without cause as to all or any portion of the Goods not then delivered to and accepted by Buyer by giving Seller written notice of such termination. In the event of any such termination, an equitable adjustment shall be made under this Contract with respect to the terminated Goods for the costs Seller unavoidable incurred as a result of such termination; provided that costs shall in no event exceed the total prices otherwise payable under this Contract for the terminated Goods, less the sum of (a) the estimated costs (plus a reasonable allowance for profit) which would have been incurred by Seller to complete performance with respect to the terminated Goods and (b) the reasonable value of the terminated Goods at the time of such termination.

11. Successors and Assigns

11.1 Seller shall not (by contract, operation of law or otherwise) assign this Contract or any right or interest in this Contract, or delegate performance of any of its duties or obligations under this Contract, without the prior written consent of Buyer. Any such assignment or delegation without Buyer's prior written consent shall be void-able at Buyer's option. Subject to the foregoing restriction on assignment and delegation by Seller, this Contract shall be fully binding upon and enforceable by Seller, Buyer, and their respective successors, assigns and legal representatives.

12. Non-waiver

12.1 The failure of Buyer to insist upon or enforce strict performance by Seller of any of the provisions of this Contract, or to exercise any rights or remedies under this Contract, shall not be construed as a waiver or relinquishment to any extent of its right to assert or rely upon any such provisions, rights or remedies in that or any other instance; rather, the same shall be and remain in full force and effect.

13. Applicable Law; Courts

13.1 This Contract shall be interpreted, construed and enforced, in all respects, in accordance with the laws of the state of Washington, without reference to its choice of law principles. Seller shall not commence or prosecute any suit, proceeding, or claim (to enforce the provisions of this Contract, to recover damages of, or default under this Contract or otherwise) arising under or by reason of this Contract, other than in the courts of the state of Washington in King County, or the United States District Court for the Western District of Washington at Seattle. Seller irrevocably consents to the jurisdiction and venue of the courts identified in the preceding sentence.

14. Entire Agreement

14.1 This Contract sets forth the entire agreement and supersedes any and all prior agreements, between Seller and Buyer regarding the Goods. No amendment or modification of any provision of this Contract shall be valid unless set forth in a written instrument signed by both parties. Buyer shall not be bound by, and specifically objects to, any term, condition or other provision which is different from or in addition to the provisions of this Contract (whether or not it would materially alter this Contract) and which has been proffered by Seller in any quotation, invoice, shipping document, acceptance, confirmation, correspondence or otherwise, unless Buyer specifically agrees to such provision in a written instrument signed by Buyer. The rights, remedies and warranties afforded to Buyer pursuant to any provision of this Contract are in addition to and do not in any way limit any other rights, remedies or warranties afforded to Buyer by any other provisions of this Contract, by any of Seller's subcontractors, suppliers, or by law.

15. Publicity

15.1 The Seller will make no reference to WSIPC, the Contract(s), WSIPC's Clients or the WSIPC Trademarks in any literature, promotional material, brochures, sales presentation or the like, without the express written consent of WSIPC. This restriction applies to both any claim of endorsement of the Seller and to any aspects of contract status, renewals or disagreements with WSIPC. Subject to prior approval by WSIPC, publications, advertising and postings of marketing information and other materials developed by the Seller, Seller is encouraged to incorporate the WSIPC Trademarks and references to the WSIPC Contract in materials targeted at the WSIPC clients and other appropriate venues.

15.2 The Seller will make its Trademarks and brand names available to WSIPC for use in mutually agreed-upon promotional materials and opportunities in order for WSIPC to feature and draw attention to the availability of the Contract and its benefits to WSIPC Clients. As appropriate, Seller and WSIPC may undertake joint marketing efforts and appearances to promote the Contract and the Goods and Services available thereunder.

VENDOR RESPONSE FORMS and Requirements

**Washington School Information Processing Cooperative
Microsoft Education Select, Microsoft School Agreement and Other Microsoft Education
Licensing Programs
AND
Citrix Enterprise Licensing Program**

1. Contract Administration Services

Washington School Information Processing Cooperative (WSIPC) will execute the Education Select Agreements and School Agreements and other selected Education Volume Licensing Programs between WSIPC and Microsoft. Microsoft is aware that multiple institutions will be participating under the umbrella of WSIPC acting as a Consortium. Likewise, WSIPC plans to establish a Citrix Enterprise Licensing Program with one or more eligible providers. Lists of eligible organizations for using these agreements are included in Tables I and II. These lists are subject to additions as needed.

The vendor will be responsible for the bulk of the administrative activity including purchase order processing, invoicing, tracking, and reporting for the K-12 Education Select Program. [The newly announced Microsoft Education Select 6.0 Program offers an “annualized” payment option for a new product called “Software Assurance”. Software Assurance may be paid for at the point of purchase, or partial payments may be deferred until the second and third years of the underlying Select Agreement. WSIPC will not require the vendor(s) to offer this option under the contract(s). Sales of Software Assurance are to be reported as complete transaction at the time of sale and invoiced in whole part at that time. Selling prices for Software Assurance will be decremented on selling price lists on the anniversaries of the WSIPC Select Agreement to reflect the cost associated with buying the product for the remaining eligible period. The vendor will furnish WSIPC with a detailed report at monthly intervals of the order activity, including the ESD location of the customer affiliate in a suitable form. Such reports must be available to WSIPC in both printed and electronic versions, in formats jointly defined by WSIPC and the vendor. Upon acceptance of each monthly report by WSIPC, the vendor will promptly remit payment of any rebates due to WSIPC under the terms of the contract(s). Reporting will also include (as information only) any other Microsoft Volume Education sales by the vendor to K-12 entities within the State of Washington that are not subject to the terms of this agreement. The Microsoft School Agreement Program will normally operate with WSIPC aggregating the clients into consolidated School Agreement Contract applications and place a single order to the selected vendor for each such contract. WSIPC will bill participating customers directly and provide a single Purchase Order to the vendor. Suitable arrangements for managing those contracts will be jointly determined and entered into by WSIPC, Microsoft and the apparently successful vendor(s). Reporting requirements for other Microsoft Education sales to end-users (e.g. M.O.L.P., Full Packaged Products, Subscriptions and media) will be similar in form to reporting for Education Select licensing sales. Similar reporting will be required of the Citrix ELP provider as jointly defined with WSIPC.

The vendor(s) will ship to and directly invoice the participating agencies for products based on the then current price schedule(s) established by this agreement. WSIPC affiliate agencies will pay vendor invoices on a "Net 45 day" basis as received.

2. Other Services

Vendors must describe fully how they would propose to address implementation and operation of this agreement. Such a solution must include (at a minimum):

- Toll-free telephone access from any client within the State of Washington.
- Regularly assigned Account Manager and adequate staffing to service and manage all aspects of the account, including but not limited to sales, problem resolution, and sales reporting.
- An attractive Web Site maintained by vendor and coordinated with WSIPC information resources. The site will provide current pricing information and special opportunities available related to products covered by this agreement. WSIPC and the vendor will jointly develop web site content to be prominently displayed and regularly updated to educate customers about recent changes, future developments and other items of interest to the clients.
- Changes in Manufacturer's pricing and product selection are to take effect immediately upon the effective date of manufacture's changes. Other changes to price lists and postings on the WSIPC/Vendor information sources will take effect on the dates set by WSIPC and the vendor. Development and implementation of electronic ordering, Business to Business billing and "shopping cart" product selection and ordering are encouraged, but not required at implementation of contract.
- Marketing plans and other resources that will be brought to bear by the vendor on the Washington State K-12 community should also be described, including articulation of the relationship between the vendor and any planned relationship with channel partners within the Washington State K12 community

Vendors must implement this agreement within 30 calendar days of approval by WSIPC of the contract award or by the date otherwise agreed upon. Such implementation must include establishing a Web Site where contract-specific pricing can be obtained and vendor ability to accept hard-copy orders from clients and promptly provide the purchased software, media and accountability required under this agreement.

3. Non Competition Clause

Vendor must agree to refrain from responding to other opportunities to establishing new contracts with other K-12 entities within the State of Washington for the contracted volume licensing programs that would have the effect of circumventing the remittance structure of this agreement. This clause does not restrict a vendor's obligation to honor any existing contracts with Washington State K-12 clients, but would prospectively apply to the extension of "interlocal" or optional use

provisions of such existing contracts by entities not specifically named in the existing contract(s) at the time of the vendor's response to WSIPC for this RFQ.

4. Late Payment of Quarterly Rebate

WSIPC will charge the vendor a 1.5% per month penalty for late payment of the rebates or other due remittances based upon the payment dates agreed upon in establishing the contract.

5. Definition of Products to be Quoted:

Under these contracts, WSIPC will determine how the offered discount will be disbursed and reserves the right to apply part of the discount to the posted selling price of the software for these products with the balance of the discount to be periodically paid to WSIPC, as scheduled.

Except as noted below on items 5c. and 5g., vendor's quotation for all products is to be expressed as a net percentage of Microsoft's Estimated Retail Prices (ERP) to be discounted to WSIPC.

a. Microsoft Media Subscriptions

Under the Microsoft Education Select program, the contracting agency, WSIPC, is entitled to one Subscription Set of Media for the Applications Product Pool, Systems Product Pool, and Server Product Pool. The vendor will publish prices for and provide for the distribution of additional Select Subscription Sets to other users of this agreement. Such subscriptions will be for factory original products through Microsoft's Worldwide Fulfillment (WWF) unless other specific arrangements are made. The vendor will accept requests from the clients for these subscriptions and invoice the participating agencies directly for these items on a "Net-45 day" basis.

Likewise, each party establishing a Microsoft School Agreement Contract receives a single Subscription Set of the School Agreement media. The vendor will publish prices for and provide for the distribution of additional School Agreement Subscription Sets to other users of such agreements. Such subscriptions will be for factory original products through Microsoft's Worldwide Fulfillment (WWF) unless other specific arrangements are made. The vendor will accept requests from the clients for these subscriptions and invoice the participating agencies directly for these items on a "Net-45 day" basis.

Quotations for these items are to be expressed as a net percentage to be discounted to WSIPC in combined point-of-sale discounts and WSIPC rebate in reference Microsoft's published ERPs for the products. Vendors proposing the largest discount from ERP will be given preference on the financial evaluation of the responses.

b. Single Product Documentation and Media Sales

Microsoft Worldwide Fulfillment (WWF) also makes available individual software title media and documentation for sale to eligible users of Select Agreements School Agreements and other volume agreements. The vendor will publish prices for and provide for the distribution of media and documentation products to users of these agreements. Such products will be factory original products through Microsoft's Worldwide Fulfillment (WWF) unless other specific arrangements are made. The vendor will accept orders from the clients for these items, ship the products to the clients and invoice the participating agencies directly on a "Net-45 day" basis.

Quotations for these items are to be expressed as a net percentage to be discounted to WSIPC in combined point-of-sale discounts and WSIPC rebate in reference Microsoft's published ERPs for

the products. Vendors proposing the largest discount from ERP will be given preference on the financial evaluation of the responses.

c. Microsoft Education Select Software License Pricing – Mark UP from wholesale cost

Microsoft establishes a common wholesale price for each licensing product offered under the Select Program. Only Large Account Resellers (LARs) may establish Select Agreements. Responses for a WSIPC Select Program must be expressed as markup from wholesale. LARs proposing the lowest markup from wholesale will be given preference on the financial evaluation of the responses.

d. Microsoft School Agreement Program 1.0

The Microsoft School Agreement 1.0 Program is in effect through August 31, 2001. WSIPC currently has over 24,000 workstations under contract through this program. WSIPC may desire to execute one more School Agreement 1.0 contract while it is still available with many of the current subscribers and new subscribers participating. As described above, WSIPC will conduct the business aspects of enrolling and billing the subscribing entities. All that will be required of the vendor is to promptly process WSIPC's order for the contract through to Microsoft. Quotations should be applicable to "Level C" enrollment (2,500+ workstations) under School Agreement 1.0 and must be expressed as a discount from Microsoft ERP. WSIPC will pay only the discounted price to the vendor. No additional remittance to WSIPC will be required. Vendors proposing the largest discount from ERP will be given preference on the financial evaluation of the responses.

e. Microsoft School Agreement Program 3.0

The Microsoft School Agreement 3.0 Program became available in August 2001. WSIPC currently has over 24,000 workstations under contract in the School Agreement 1.0 Program. WSIPC may desire to execute one or multiple School Agreement 3.0 contracts during the term of this contract. As described above, WSIPC will conduct the business aspects of enrolling and billing the subscribing entities. All that will be required of the vendor is to promptly process WSIPC's order for the required contracts through to Microsoft. Quotations should be applicable to both "Levels" of enrollment available under School Agreement 3.0 and must be expressed as a discount from Microsoft ERP. WSIPC will pay only the discounted price to the vendor. No additional remittance to WSIPC will be required. Vendors proposing the largest discount from ERP will be given preference on the financial evaluation of the responses.

f. Microsoft "OPEN" Licensing Program (M.O.L.P.)

Microsoft offers an Education Volume Licensing Program known as M.O.L.P or OPEN. The program is primarily aimed at clients who do not require the volume of licenses called for under the Select Program and M.O.L.P. pricing is generally higher than licensing under the Select Program. However, certain Microsoft titles (licenses) are NOT included on the Select Program but ARE available under M.O.L.P. In order to make these products available to WSIPC clients under bid, WSIPC will consider proposals to offer one or more M.O.L.P. contracts, either directly to WSIPC for use by all clients or to individual clients wishing to establish their own M.O.L.P. agreements. Vendors proposing the largest discount from ERP will be given preference on the financial evaluation of the responses.

g. Citrix Enterprise License Program

Citrix offers the Enterprise License Program (ELP) for contracts that project sales of at least 5,000 concurrent users over a two-year period. WSIPC would like to utilize the "Pay as you Go" option of the Enterprise License Agreement. The "Pay as you Go" option will allow WSIPC to make an initial purchase of 20% of the total forecasted amount for the two years, with incremental purchases thereafter. WSIPC is currently forecasting 5,000 concurrent licenses over the two year agreement requiring an initial purchase of 1000 concurrent Citrix licenses. WSIPC may require that a new two-year forecast be established at various intervals during the contract if sales volumes exceed these projections. Vendors responses will be evaluated on the proposed discount from "SRP" as well as the ability to execute implementation of the software either directly or in working with selected certified Citrix Education Authorized integrators holding a Platinum or Gold level Citrix authorization.

The Citrix pricing model expresses the ELP prices in the form of percentage discounts from manufacturer's "Suggested Retail Price (SRP)", such as "45% off SLP" for a forecast of 5,000 licenses over two years. Larger discounts than those normally cited for the ELP pricing levels will be given preference on the financial evaluation of the responses. Quotations must be expressed as total discount within each Citrix ELP level as defined on the vendor pricing sheets by the minimum licensing requirements within each level.

Vendor Information Form and References

1. Vendor Information:

Vendor Name _____

Vendor Address _____

Contact Name: _____

Contact Phone _____

Contact FAX _____

Contact E-Mail _____

2. Vendor References for: [vendor name: _____]

Identify **three** customer references for vendor's existing or prior contracts for the proposed services. These references should be involved in a agreements with vendor's firm functioning as the LAR or major reseller of the products. References for multi-site organizations or State-wide contracts with support requirements similar to WSIPC's are strongly preferred. Additional references may be added in similar format.

Addendum 1 to WSIPC RFQ 01-48

Issued August 27, 2001

The following questions (shown in italics) have been posed by a potential respondent to the RFQ. WSIPC is responding to each of these questions and sharing the information with all potential respondents who have filed the required Letter of Intent. This Addendum, upon publication, becomes an official part of the RFQ.

*On an average, how many orders are placed by participants on the current contract?
What is the estimated call volume for this contract?*

WSIPC Response 1: No metrics have been logged by WSIPC to accurately describe the call volume that has characterized the current or previous contracts for WSIPC's Select Fulfillment. In addition to the statistics on usage contained in the original RFQ, the following information may be useful to respondents. The current vendor has maintained a staffing cohort dedicated exclusively to this contract of 3 full time fulfillment desk staff. The transactions (sales & credits) posted during Q2-2001 exceeded 1200. Transactions in Q1-2001 were approximately 740. Transactions in Q4-2000 were approximately 680. (Transactions are counts by product by client purchase order-PO). WSIPC estimates that an average transaction equates to 3 telephone calls.) While there are only about 300 Public School Districts and State Agencies and 300 private schools potentially using the Contract, because of site-based management in individuals, there may be as many as 900 cost centers to contend with.

How many School Agreements do you currently have? How many customers currently purchase MOLP?

WSIPC Response 2: WSIPC has 3 School Agreements (SA 1.0) currently in effect with progressively shorter periods of subscription. The initial contract for 22,131 workstations has been augmented by subsequent 9-month and 6-month contacts to subscribe and installed base of 24,400 workstations. Most of these will re-sign a School Agreement 1.0 contract to take effect on August 31, 2001. Additional subscribers may join in that contract. The estimated scope of the contract is 36,000 workstations. WSIPC anticipates signing multiple School Agreement 3.0 Contracts of various durations during the coming year to supplement the subscriptions on the SA 1.0 contract.

Is WSIPC extending their agreement and processing a change of LAR, or will you be signing a new agreement?

WSIPC Response 3: WSIPC signed a Microsoft Select 5.1 Agreement through our current vendor in June 2001 that continues in effect until June 30, 2003. WSIPC fulfilled the 2-year subscription requirements during the first month of sales under the new agreement. WSIPC may choose to sign new Select Agreements or add/change LARs to the existing Agreement as appropriate based upon the results of this solicitation.

*On page 17, Item 2. Other Services, 4th bullet, states
"Changes in Manufacturer's pricing and product selection are to take effect immediately upon the effective date of manufacture's changes. Other changes to price lists and postings on the WSIPC/Vendor information sources will take effect on the dates set by WSIPC and the vendor." By changes in manufacturer's pricing,*

do you mean change in ERP or change in vendor's cost from manufacturer? We interpret the second sentence to mean that any other price changes will be granted as agreed upon by both parties, and not posted to the web site until they are approved. Is this interpretation correct?

WSIPC Response 4: Microsoft periodically changes the pricing for existing products and introduces new products effective the beginning of each calendar month. Depending upon program (Select vs. MOLP) changes to ERP or cost may lead to changes in selling price, and should take place on the effective date, typically the beginning of the month. Such changes will be dictated by the pricing model proposed by the successful vendor(s). Other changes agreed upon by WSIPC and the vendor will take place as scheduled.

Item 2, Price and Payment, on page 11 states that "Should the base price decrease, the cost to the Buyer shall be determined by applying the pricing model to the new base price." By base price do you mean ERP?

WSIPC Response 5: See previous question. Responses for the Select program should be based upon "cost-plus-stated-markup". Changes to Microsoft cost to LARs are the basis for price changes. Other programs such as School Agreement, MOLP and FPP should be presented as discount from ERP, and changes in ERP would drive the new pricing.

Item 1. Contract Administration Services states that WSIPC will bill participating customers directly and provide a single Purchase Order to the vendor. It also states that "The vendor(s) will ship to and directly invoice the participating agencies for products based on the then current price schedule(s) established by this agreement." Please confirm that the single PO scenario is for MS School Agreements only, and all other orders will be received directly by vendor and not pass through WSIPC.

WSIPC Response 6: The "close bracket ']' character that should have appeared in the published RFQ in Paragraph two of Contract Administration Services after the words "...remaining eligible period." was inadvertently omitted. It should have separated the discussion of the Software Assurance payments from the rest of the description of services under Select. WSIPC will only bill clients directly for participation in School Agreement Contracts. All other transactions for Select, Media, MOLP, etc. are addressed in the first sentence of the paragraph for both Select and the other programs, although that is not as clearly stated as was intended.

With regard to Item Item 5. Definition of Products to be Quote, page 19 states:

Under these contracts, WSIPC will determine how the offered discount will be disbursed and reserves the right to apply part of the discount to the posted selling price of the software for these products with the balance of the discount to be periodically paid to WSIPC, as scheduled.

Please explain in detail how rebate will be determined and when (there is no percentage or amount contained in the RFP). Also, do the prices that are reflected on the web site vendor is to provide include the rebate or not?

WSIPC Response 7: After selecting the successful vendor(s) WSIPC will determine how much of the bid discount for each program to apply to the selling price of the products and how much is to be remitted to WSIPC as a contract usage fee. Products which are "bid-down" from ERP will generally be sold at slightly less discount than proposed by the vendor and the difference

between the proposed discount and the actual selling price will be remitted each month to WSIPC. Select, which is to be "bid-up" from cost, will be sold at a slightly higher mark-up than proposed and the difference will be remitted to WSIPC each month. For School Agreement sales, WSIPC will accept the orders from the schools and bill customers for slightly more than the vendor's discounted model, but will only pay the vendor the discounted amount.

Regarding Item 3. Late Payment of Quarterly Rebate, page 17 which states:

WSIPC will charge the vendor a 1.5% per month penalty for late payment of the rebates or other due remittances based upon the payment dates agreed upon in establishing the contract.

How is the rebate determined, and how is it realized by WSIPC? Is the rebate part of the price which WSIPC takes a piece, or is it charged to vendor and remitted on a quarterly basis?

Please confirm that no additional remittance/rebate is required for Items f, MOLP and g, Citrix?

WSIPC Response 8: The term "Quarterly Rebate" was incorrect. As stated earlier in the Contract Administration Services section, accounting for product sales and payments of remittances due to WSIPC will take place on a monthly basis. WSIPC will invoice the vendor for remittances on a "Net-30" basis. The penalty for late payment may be invoked by WSIPC for flagrant or repeated failure to pay within 30 days of WSIPC's invoice to the vendor. The question posed here about how the rebate is determined is addressed in "WSIPC Response 7" above. No additional rebates are required from the vendor(s) except as described above.

The following questions have been received from other vendors and responded to as indicated.

Can WSIPC be used as a reference?

WSIPC Response 9: Yes.

Does the same client list used for Microsoft programs also describe the Citrix eligible client list?

WSIPC Response 10: Yes, but the list is not restricted for Citrix users. WSIPC's Consortium status with Microsoft is based upon serving ONLY the K12 community in the State of Washington. WSIPC requires that these same clients be eligible for services under the resulting Citrix contract. As agreeable to Citrix and the successful vendor, Citrix licensing may be also extended to other Public Sector entities.

What is the duration of the contract and to what extent can it be renewed?

WSIPC Response 11: The initial contract will be for approximately two years, to correspond to the term of the Select Master Agreement with Microsoft. There are no stated restrictions to limit future extensions of the contract(s) as long as WSIPC is satisfied with vendor performance and the vendor is still prepared to extend the pricing model called for in the contract.

The School Agreement 1.0 invitation calls for a single quotation for Level C with no "Add-Ons". The School Agreement 3.0 invitation calls for a flat rate discount from ERP for Levels A & B. Since the products under these programs have differential margins between cost and ERP, can they be bid at the "component level" rather than as a single rate by Level?

WSIPC Response 12: School Agreement 1.0 represents a single event due to the expiration of the program on August 31, 2001. No options are sought; don't bother with quoting "Add-Ons". Vendors wishing to submit alternate pricing at the component level may ALSO include quotations by specific product offering, but should still make a response to the "single rate" response called for in the published RFQ.
