The following corrections, questions, and clarifications are provided concerning WSIPC RFP 21-01 Computer Software, Licenses and Services. Paraphrasing of the relevant questions posed to the WSIPC RFP Bid Contracts Administrator have been included as appropriate.

**QUESTIONS AND CLARIFICATIONS:**

**Q1** – According to Appendix D, part of the evaluation states, "The product and/or service is used by other Washington State K-12 school districts and has an active Washington State user community."

If we have school districts in Washington using a free version of our product, will this fulfill that requirement?

**A1** – Yes, as the "product and/or service is being used by other Washington State K-12 school districts". The fact that they are using a free version would require a Q-Qualifier Response Code. Q-Qualifier Code = Ability to meet requirement requires further explanation from Vendor. Please use the "Comment" column in Appendix D to provide more details.
