RFP 21-04
Cyber Security Awareness Training
Addendum I

July 20, 2021

The following corrections, questions, and clarifications are provided concerning WSIPC 21-04 Cyber Security Awareness Training. Paraphrasing of the relevant questions posed to the WSIPC RFP Bid Contracts Administrator have been included as appropriate.

QUESTIONS AND CLARIFICATIONS:

Q1 – How many total users will be required to participate in this training?

A1 – There is no specified number of user(s) required. WSIPC expects the vendor to specify the number of users required or needed as part of the proposal

Q2 – Are you only looking for cybersecurity content/curriculum or are you interested in expanding your course offerings? (e.g., software training, financial literacy, information literacy, digital literacy, DE&I as it pertains to the digital divide)
A2 – RFP 21-04 is to provide cyber security content and curriculum

Q3 – What will be the mode of delivery for each cohort (training session)?

A3 – Mode of delivery should be determined by the vendor and specified as part of the proposal

Q4 – How many cohorts (training sessions) will be there during the contract?
A4 – The number of cohorts would be determined by the individual entity (customer)

Q5 – What would be the location (address) to provide In-Person classes for these? Will it be vendor provided or WSIPC will provide the same?
A5 – In person location would be determined individually be each entity (customer)

Q6 – What will be the budget for this contract?
A6 – The budget will be established between the Vendor and the entity (customer) via a separate contract vehicle

Q7 – Is there any incumbent vendor?

A7 – There is no incumbent vendor, this is a new RFP

Q8 – Who will be the targeted audience?

A8 – Education and public entities are the target audience, however; some non-profits and Tribal entities can also utilize the RFP contract(s)

Q9 – Do we need to provide equipment's (laptop, internet etc.)?

A9 –Vendor should specify what is and is not included in their training (i.e., equipment)

Q10 – Is there any list of courses that WSIPC requires for Cyber Security Awareness Training Solutions?

A10 – No specific list of courses is required; vendor is expected to include or list any courses being offered in the proposal
