

Unified Classroom[®] Schoology Learning

Helping Teachers Support the Whole Child

Tune out the noise and tune into the whole child needs of every student. Like you, teachers can spend up to 12 hours a week searching for and creating new instructional materials. **Explore Unified Classroom[®] Schoology Learning and see how you can reclaim your time and focus** with pre-made resources, collaboration across districts, and Schoology Learning.

Never Start from Scratch

Get to teaching faster with access to pre-made resources. Access to district-approved resources, shared resources from colleagues across your district, and all of Schoology Learning.

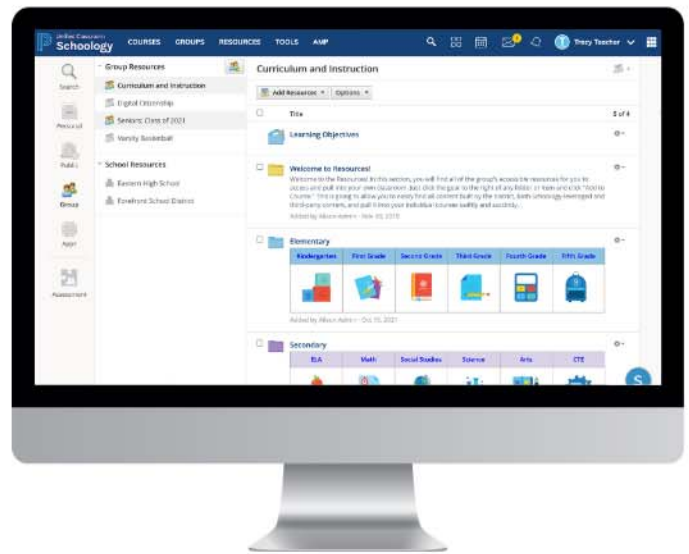

Collaborate with Others

With Schoology Groups, teachers can collaborate on classroom resources and best practices or use Groups to support PLCs. Get the most out of Groups by using them as a space for student and family collaboration as well.

Personalize Learning

Enable students to learn in their own way with personalized learning paths. Empower students to express learning through video recordings, essays, and other mediums that work for them.

A complete set of teaching and learning tools all in one platform

Your Favorite Apps, Integrated

Connect popular classroom tools from Microsoft, Google, and 200+ other pre-made integrations. You can also migrate Google content with the **Google Classroom Migration tool**, so you keep the thoughtful content you've created. Spend less time in your SIS, with powerful PowerSchool SIS integrations
