

CYBERSECURITY

WHO WE ARE

Aanko is a minority and veteran-owned certified small business providing safety and security solutions.

We help clients *"Lead The Journey..."™* at the forefront of their professions.

Our dedicated team of cybersecurity experts, software engineers, and systems integrators provide a proactive and mission-focused approach to your cybersecurity challenges. Our collective knowledge of cutting edge solutions and knowledge transfer ensures your networks maintain operational resiliency, threats are detected and nullified, and unauthorized access to your systems is denied.
